This ResiYou End User License Agreement constitutes a legally binding agreement ("Agreement") between yourself and Bayer Crop Science Schweiz AG, Peter Merian-Str. 84, 4052 Basel, Switzerland ("we", "us" or "BAYER"). The use of the ResiYou App is subject to the general terms and conditions established in this Agreement. This Agreement applies in addition to the General Terms and Conditions of the Bayer Webshop AgroCloud.

By clicking "Accept" when setting up your ResiYou account in accordance with Section 1.3 showed below, you declare and guarantee that (i) you are concluding this Agreement as an Entrepreneur as defined in the General Terms and Conditions of the Bayer Webshop AgroCloud, e.g. in connection with your business activities as a farmer, and (ii) are at least 18 years of age and (iii) agree to be bound by this Agreement. If you are accepting this Agreement on behalf of a company or other legal entity, you represent that you have the power of attorney to bind the entity, in which case "you" and "your" will refer to yourself and such entity. **If you are not 18 years of age or older, or do not agree to this Agreement, you cannot use the ResiYou App.** You are solely responsible for complying with all requirements for access to or use of the ResiYou App via the Internet or other telecommunications providers (including, but not limited to, terms relating to the use of any additional required software).

BAYER administers the App and continues to develop it on an ongoing basis. BAYER reserves the right to discontinue this App or to modify it or its functions in whole or in part.

BAYER reserves the right to adjust the license fees during the term of this Agreement, especially at the beginning of a renewal period. BAYER will inform you in writing or in text form with reasonable notice about any such adjustments. In this case, you have a special termination right with a notice period of 14 days if you do not agree to the adjustment of the license fees. If you do not exercise your special termination right, it will be considered as your agreement to the adjustment of the license fees.

BAYER additionally reserves the right to modify Agreement in whole or in part. Except in respect of the assignment of this Agreement to one of BAYER's Affiliates in accordance with Section 4.5, any changes to this Agreement will be effective after we have posted them on our website at [Agrocloud legal page](#) and you have clicked "Accept" before continuing to use the ResiYou App. If you do not agree to the revised Agreement, you must stop using the ResiYou App.

## I. ResiYou App

A. Function of the App: The ResiYou App intends to predict the likelihood of the appearance and spreading of plant protection product residues present on farmer's crops to help farmers to plan their crop protection applications more accurately.

### 1. Limitation of Liability

The following restrictions apply to the information generated by the App:

The information is generated by highly complex algorithms (artificial intelligence (AI)). However, an algorithm cannot take every detail of an individual case into account.

The algorithms are constantly trained using new and updated data that serves as the basis for the information offered. BAYER compiles this data with professional care to the best of its knowledge, but offers no guarantee of the correctness, completeness and timeliness of the data. Errors in a data set can lead to erroneous results.

Since the App is under continuous development, its functionalities are expanded and improved on an ongoing basis. The respective trained categories (e.g. crops) can be viewed in the App.

BAYER therefore assumes no guarantee or other liability, either expressly or tacitly, for the correctness, completeness, or timeliness of the information contained in this App.

We therefore recommend that you check all the information you obtain from this App (e.g. through third-party experts or other sources of knowledge) prior to using it in whatever form. If you require more detailed information about this App, please contact us at [resiyoubayer.com](mailto:resiyoubayer.com) or use the contact form on our [website](#).

By using this App, you declare that you agree to access the App and its content at your own risk.

Neither BAYER nor any third parties involved in the creation or provision of this App can be held liable for damage or injury resulting from access or the impossibility of access, or from the use or impossibility of use, of this App or from the fact that you have relied on information provided in this App.

Exempt from this are claims for compensation of damages arising from injury to life, limb, or health or the breach of material contractual obligations (cardinal duties) and liability for other losses resulting from the willful or grossly negligent breach of obligations by BAYER, its legal representatives, or its vicarious agents. Material contractual obligations are those which must be fulfilled in order for services to be performed. In the event of the breach of material contractual obligations, BAYER is liable only for the typical foreseeable losses relevant to the contract in cases of simple negligence, except in cases of claims for compensation of damages arising from injury to life, limb, or health. These restrictions also apply in favor of BAYER's legal representatives and vicarious agents in the event that claims are raised against them directly. The above provisions shall not affect liability under applicable mandatory product liability laws.

BAYER assumes no guarantee or other liability as to whether you can achieve specific desired results by using the App.

We do not guarantee any results, neither the ResiYou App nor the BAYER Generated Works (as defined in Section 3.2 below) should be used as a substitute for sound agricultural practices, including regular and diligent field monitoring, or as the sole means of making agricultural, risk management or financial decisions. We recommend that you consult your agronomist, commodity agent, and other service professionals before making financial, risk management, and agricultural decisions.

In particular BAYER assumes no guarantee or other liability, if products are not used pursuant to the applicable laws (e.g. compliance with the pre-harvest intervals or with any other restrictions described in the product's registration or label).

## 2. Websites of Third-Party Vendors/Links

The App may also contain links to third-party websites. These links to third-party websites do not constitute approval of their contents by BAYER. Neither does BAYER accept any responsibility for the availability or the contents of such websites or any liability for damage or injury resulting from the use of such websites, of whatever form. BAYER offers no guarantee that information on such websites is of consistent quality. Links to websites are provided to App users merely for the sake of convenience. BAYER offers no guarantee that the linked websites provide information of consistent quality on a given topic. Users access such websites at their own risk. The choice of links should in no way restrict users to the information on the linked websites.
